OFFICE OF LEGISLATIVE COUNSEL

Friday - 29 September 1978

2. [redacted] LIAISON Received a call from Louis Luna, Research Assistant in the office of Representative Robert E. Bauman (R., Md.), who requested a copy of "Directory of Personalities of the Cuban Government." I told him I would check on it and call him back.

3. [redacted] LIAISON Received a call from Carolyn Hatcher, Library of Congress, Foreign Affairs and National Defense, who requested a map of Israel (503499 (1-78)). I told her I would forward it to her.

4. [redacted] LIAISON Called George Murphy, Director, Office of Classified National Security Information, Office of the Secretary of the Senate regarding his request for a meeting with NFAC employee [redacted] which had been scheduled for 2 October at 2:30 p.m. I suggested to Murphy that I could pick up the paper [redacted] was to review to save time but Murphy was insistent that [redacted] review it in Murphy's office.

5. [redacted] LIAISON Received a call from Ted Ralston, Senate Select Committee on Intelligence staff, who asked that copies of two documents he has reviewed at NPIC be sent to the Committee. I agreed to look into this.

6. [redacted] LIAISON Met with Bill Miller, Staff Director, Senate Select Committee on Intelligence, and asked him about stories I had heard that Senator Daniel Moynihan (D., N.Y.) was planning hearings on Soviet interception of private communications of U.S. citizens. Miller said these would be open hearings conducted by the Senate Judiciary Committee but would not take place until January, if then. Miller stated his opinion that Moynihan had concluded that more is being done in this field than he originally suspected so he thought the hearings might not actually take place. I also discussed with Miller an Agency purchase of safes in which we were apparently the victim of the GSA scandals. Miller asked for a paper on this.

9. [REDACTED] LIAISON Met with David Shaw, Senate Select Committee on Intelligence staff, and explained discovery requests for Church Committee material which had arisen in the Halkin v. Helms suit. We discussed whether the letter from Chairman Birch Bayh (D., Ind.) regarding the Miller v. CIA case would protect Church Committee documents in the Halkin case. Shaw indicated he was willing to draft another letter referencing the letter regarding the Miller case.

10. [REDACTED] ADMINISTRATIVE DELIVERIES Delivered to Audrey Hatry, Clerk, Senate Select Committee on Intelligence staff, two covert action perspectives and a study entitled "Donovan and CIA - A History of the Establishment of the CIA" by Thomas F. 11. [REDACTED] LEGISLATION Called John Kaul in the FBI's Congressional Affairs office. I asked Mr. Kaul if the figure he had given us concerning the annual amount of "confidential funds" expended by the FBI is a classified figure. I explained that I had included the figure in a Memorandum for the Record regarding a recent conversation with Larry Hammond, Deputy Assistant Attorney General, Department of Justice with regard to H.R. 12171, the "Federal Accounting and Auditing Act of 1978." Mr. Kaul said that the \$70,000 figure is a matter of public record and therefore not classified.

25X1 18. [] LIAISON Met with Jim Wilson, Staff Director, House Science and Technology Subcommittee on Space Science and Applications; John Steward, Staff Director, Senate Commerce, Science and Transportation Subcommittee on Science, Technology and Space; Gary Hymel, in the office of the Speaker; John Ford, Staff Director, House Armed Services Committee; and Dr. Charles S. Leonard, Library of Congress, and alerted them to the President's announcement to declassify "fact of" photographic satellite reconnaissance.

25X1 19. [] LIAISON Together with [] OWI, met with Dr. Charles Sheldon, Library of Congress, and showed him several noncompartmented classified intelligence reports on Soviet space activities. Dr. Sheldon felt such reporting would satisfy his Congressional requirements, however, he posed several specific topics of interest not covered in the reports. [] felt certain that they would be and a search will be made to the reports for another meeting. I met earlier with Jim Wilson, Staff Director, House Science and Technology Subcommittee on Space Science and Applications, and briefed him on our meetings with Dr. Sheldon. Mr. Wilson felt we were on the right track. I assured him that before Sheldon's clearances are pulled we will all meet to assure that the Committee's needs will be satisfied.

25X1 20. [] LIAISON Mike Glennon and John Ritch, of the Senate Foreign Relations Subcommittee on International Operations staff, met with the Legislative Counsel and concluded an interview with a DDO expert on the Iranian intelligence service, SAVAK. (See Memorandum for the Record.)

25X1 ✓ 21. [] LIAISON Beverley Lumpkin and Fred Rayano, on the staff of the House International Relations Subcommittee on International Organizations, met with [] 25X1 [] DDO, EA Division, to discuss the Subcommittee's draft 25X1 final report on Korean/American relations. [] explained to the staffers why certain of their requests for declassification of Agency material had to be denied. The staffers insisted that certain of these items were essential to the Subcommittee's report and said that it was likely that Subcommittee Chairman Donald M. Fraser (D., Minn.) would appeal the denial determinations to the DCI.
